

## CHUTE DOGGING

- **[ PAGE 102 ] – EVENT RULES #3:** With steer loaded in chute, dogger gets beside steer with hand and arm in front of shoulder of steer, or behind shoulder if dogger desires, and can wrap under neck. When dogger calls for steer the chute gate will be opened. Dogger must maintain his arm and hand position without impending forward progress of steer. If forward progress is impeded by choking or any other means, dogger will receive a no-time. Should dogger grab horn or ear, a 10-point penalty will be assessed. Steer must cross score line before being thrown or starting to slow the steer's forward progress to start throwing process. If steer is thrown before crossing line, it will result in a disqualification since time has not started. Dogger cannot do anything to start throwing process until time has started in the field.
